

Hope for the Future

Our goal is to raise enough money to prevent 350,000 infants in Africa from contracting HIV/AIDS.

\$50 Provides HIV testing for 25 women

\$100 Provides counseling for 50 women

\$500 Treats 500 HIV-infected pregnant women

Your support will save lives.

Los Altos Rotary AIDS Project

Founded in 1989 by members of the Rotary Club of Los Altos, USA, the goal of the Los Altos Rotary AIDS Project is to engage Rotarians in the fight against HIV/AIDS through a variety of programs and projects that motivate others to:

- Change attitudes and behaviors
- Educate others about HIV/AIDS
- Support those afflicted with the disease
- Encourage Rotary involvement

Join us in the global fight against HIV/AIDS.

CHILD AIDS PREVENTION

Working together to prevent mother-to-child transmission of HIV/AIDS in Africa.

A Los Altos Rotary AIDS Project Initiative

One dose. One dollar. One life saved.

Child AIDS Prevention Project

With a goal of eliminating pediatric AIDS in Africa, the Child AIDS Prevention (CAP) project is designed to encourage Rotarians to work together to raise funds for:

- Education and training
- HIV testing
- Counseling
- Life-saving drugs

Facts

- Each year, over 2 million HIV-infected pregnant women give birth to 700,000 HIV-infected infants.
- The life expectancy of infected babies is three years.
- A single dose of nevirapine given to the mother and infant could prevent 350,000 infant infections each year.

How can you help?

Please join our effort to prevent mother-to-child transmission of HIV/AIDS in Africa and save lives.

- Donate to Los Altos Rotary AIDS Project
- Give a CAP presentation at your Club
- Make presentations to other Rotary Clubs
- Start a local community project

Affordable Treatment Process

\$2 for HIV Rapid Test

\$2 for counseling

\$1 per single dose of nevirapine
